IEU Virtual Side-Events: 27th MEETING OF THE GCF BOARD

How does the IEU DataLab enable and support evaluations? The example of the SIDS evaluation.

Join us to learn more about the key role data plays in enabling and supporting IEU evaluations. The IEU DataLab will discuss their work relating to the *Independent Evaluation on the Relevance and Effectiveness of GCF's Investments in Small Island Developing States (SIDS)* and the way the IEU has adapted to conducting evaluations during the COVID-19 pandemic.

Date: Thursday, October 29, 2020 **Time:** 5:00 PM (KST), 10:00 AM (CEST) **Venue:** Zoom (registration required)

REGISTER

Are the GCF investments in the SIDS relevant and effective? Takeaways from the SIDS evaluation.

SIDS are some of the lowest carbon-emitting countries in the world, yet they are among the most vulnerable to the effects of climate change. Join us as we explore the challenges the SIDS face alongside the key findings, recommendations of the IEU's latest evaluation.

Date: Thursday, November 5, 2020 **Time:** 5:00 PM (KST), 10:00 AM (CEST) **Venue:** Zoom (registration required)
